

NEW! *TDP43M Thermal Transfer Desktop Printer and Accessories*

The TDP43M Thermal Transfer Desktop Printer is capable of producing component labels, safety and facility markers, and self-laminating, heat shrink and vinyl cloth wire/cable markers. The 300 dpi thermal transfer print resolution of the TDP43M ensures durable, crisp, clear printing of labels that are professional and robust. Flexibility and speed make the TDP43M an essential tool for your current and future labeling requirements. Using the TDP43M Thermal Transfer Desktop Printer with **PANDUIT® EASY-MARK™** Labeling Software is the economical way to solve your on-demand labeling needs.

Key Features

Benefits

Thermal transfer print	Creates durable, crisp, clear legends and graphics that offer superior legibility
EASY-MARK™ Labeling Software and hybrid ribbon included with printer	Quickly begin producing labels for your projects
Parallel, USB and serial port connections	Connects quickly and easily to any PC and offers flexibility of 3 different connection configurations
Capable of printing barcodes and graphics	Meets needs for pipe marking, bin marking, inventory control and other applications
4.00" maximum print width	Prints a wide variety of label sizes and materials
Print labels up to 22.00" long with characters up to 3.50" high	Accommodates requirements for custom pipe and conduit marking and facility identification
Up to 2.00" per second print speed	Fast label production without sacrificing print quality
Spring loaded mandrel	Easily dispenses media through printer
Easy ribbon loading	Reduced printer down time
Compact design	Allows use in office or remote locations
