

ACCESSORIES FOR OEM MODULES

Cirronet has an assortment of accessories that facilitate integrating our OEM modules into your designs. While an OEM can certainly make their own cables and find their own antennas, the accessories below have been proven to be cost-effective solutions.

DATA/POWER CABLES

Part Number	Module	Description
CBLDP245	WIT2450	WIT2450 data and power cable set with connectors on module only, 12" in length
CBLDP241	WIT2410	WIT2410 data and power cable comprised of a single 16 conductor ribbon cable with connectors on both ends, 6" in length.

RF CABLES

Part Number	Module	Description
CBLRF4S	All Models	4" RF cable with MMCX connector on module end and bulkhead mount SMA connector on the other end.
CBLRF8S	All Models	8" RF cable with MMCX connector on module end and bulkhead mount SMA connector on the other end.
CBLRF12S	All Models	12" RF cable with MMCX connector on module end and bulkhead mount SMA connector on the other end.
CBLRF4R	All Models	4" RF cable with MMCX connector on module end and bulkhead mount reverse SMA connector on the other end.
CBLRF8R	All Models	8" RF cable with MMCX connector on module end and bulkhead mount reverse SMA connector on the other end.
CBLRF12R	All Models	12" RF cable with MMCX connector on module end and bulkhead mount reverse SMA connector on the other end.

ANTENNAS

Part Number	Module	Description
RWA249S	WIT241x	Right angle 4" rubber whip antenna with SMA connector.
RWA249R	WIT241x	Right angle 4" rubber whip antenna with reverse SMA connector.
RWA24025	WIT241x	Short ¼ wave rubber whip antenna with reverse SMA connector.
PA2400	WIT241x	~6dB patch antenna with MMCX connector for direct connection to WIT241x modules. Dimensions match the height and width of WIT241x module. Provides ~90° by 60° beamwidth.
PA2410	WIT241x	~6dB patch antenna with MMCX connector for direct connection to WIT241x modules. Dimensions match the height and width of WIT241x module. Provides ~90° by 60° beamwidth.
YAGI099	WIT910	9dB YAGI directional antenna with reverse male TNC connector.
YAGI096	WIT910	6dB YAGI directional antenna with reverse male TNC connector.
OMNI095	WIT910	5dB omni-directional antenna with reverse male TNC connector.
OMNI092	WIT910	2dB omni-directional antenna with reverse male TNC connector.
