

Technical drawing of a PCB Jack 10P. The drawing includes a side view of the component at the top and a top view below it. The top view shows a rectangular footprint with dimensions: .43, .89, .7, 2.54, 8.89, 3.05, .43, and .50. There are 10 circular pads arranged in a 2x5 grid, with a larger circular pad in the center. The text 'Component Side Shown' is written below the drawing.
