

PCA4687A

Converter for Connecting 100-pin 0.65mm-pitch QFP to 100-pin 0.65mm-pitch LCC

Function

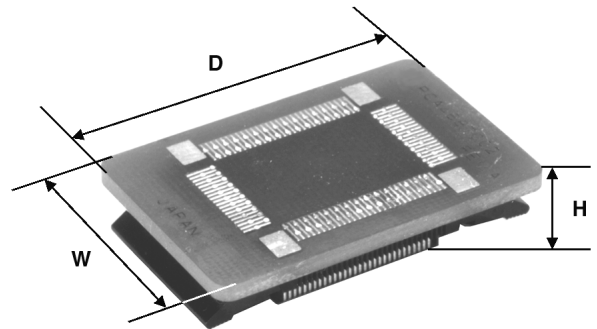

The PCA4687A is a board for converting 100-pin 0.65mm-pitch QFP (100P6S-A) to 100-pin 0.65mm-pitch LCC (100D0).

Application

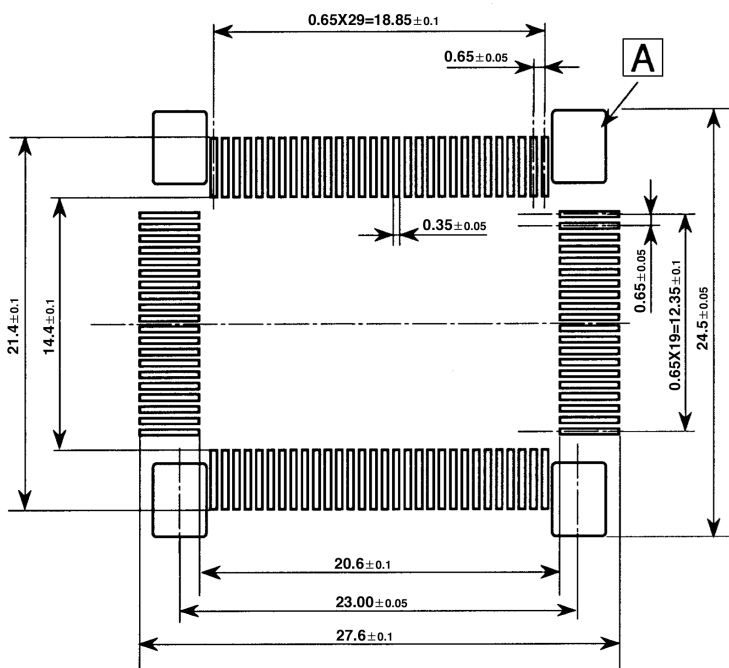

Solder an MCU housed in the 100-pin 0.65mm-pitch QFP package to the foot pattern on this board. Then fit this board into the 100-pin LCC socket on the target.

Dimensions

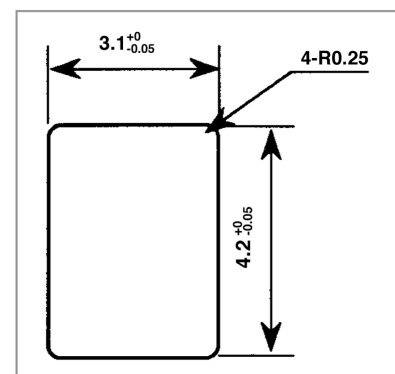

42.0(D)×28.0(W)×12.0(H)mm

Reference Foot Pattern (Unit: mm)
